No. 155

INDICATIONS ARE THAT A MONEY BYLAW WILL BE DEFEATED

Majority of Ratepayers Who Had Voted Up Until Noon Today Opposed to Development of Power on Athabasca River

At noon today it seemed almost certain that the bylaw to authorize the development of water power at Grand Rapids on the Athabasca river would be defeated.

According to Mayor Armstrong and other city officials opposition to the proposed bylaw is due to misunderstanding as to the purpose for which it is intended. Many of the ratepayers appear to be under the impression that it is a money bylaw while such is not the case, asserts the Mayor.

The bylaw provides among other things "for acquiring, building, carrying on, constructing, improving, leasing, extending, maintaining, managing or operating power works and water powers."

It is also provided "that where the council decides to undertake or assist any of the enterprises mentioned it may do so notwithstanding that the same may be wholly or partly within the limits of the city."

The bylaw states that the city has made application to the minister of the interior of Canada for a license of Canada for a license to divert and use the waters of the Athabasca river and Grand Rapids for the purpose of developing water power, and that the minister has granted the application upon condition that the council notify the department of the corporation's intention to accept the agreement and that a bylaw be submitted to the ratepayers within 60 days.

The agreement provides that actual construction operations be commenced on or before January 1, 1912, and that an expenditure of \$100,000 be made during the year 1912, which would seem to bear out the statement of Mayor Armstrong that the ratepayers are not voting on a bylaw today. He says that the proposition up now is to hold the option which the city has on the Athabasca power scheme and be in position to enter into further negotiations with the government in the event the project is found to be feasible.

Following are the polling places for today's election:

Police subdivision No. 1, 1125 Jasper avenue west.

Police subdivision No. 8, northeast corner of Jasper avenue and Fifth street.

Police subdivision No. 3, city hall on Ross street.

Police subdivision No. 4, 1252 Kinistino avenue.

THOUSANDS VIEW THE DECORATIONS

ENORMOUS CROWDS PACK PRINCIPAL STREETS OF LONDON TO SEE CORONATION DISPLAY

London, June 19.—The appearance of the British capital tonight was another Sabbath day. Enormous crowds pushed through the streets flocking toward the center of the city to see the decorations of the buildings and streets and catch a glimpse of the foreign visitors apparently almost all of London's population of seven million turned out. Several hundred thousand and justified one another for hours about St. James park, Westminster Abbey and Trafalgar square, while Whitehall, Pall Mall the Strand and Piccadilly were almost impassable for motor cars and cabs and from time to time traffic was entirely stopped.

Guests and workers alike formed the chief elements. Everybody was in holiday spirit the men and girls singing and chaffing. Wherever a carriage with royal livery on the top appeared or the uniform of an officer was seen, the crowd closed around and followed the chief elements. There was nothing more exciting the people congregated in front of the clubs and public buildings to see the decorations. The royal ensign floats was the centre of attraction.

BANDITS HOLY UP SHASTA

LOOTED MAIL BAGS AND ROBBED PASSENGERS—AMOUNT OF BOO-TY SECURED UNKNOWN

Brain, Ore., June 19.—Two bandits held up and robbed the Shasta train on the Southern Pacific between Brain and Yoncall, about midnight Saturday night. They looted the mail car, the clerks' baggage car and the passenger cars. The bandits were the other cut open the sacks and ran off with the contents. The bandits were the other cut open the sacks and ran off with the contents. The bandits were the other cut open the sacks and ran off with the contents.

CENTRAL ALBERTA CROPS IN FLOURISHING CONDITION

SCOUTS REACH LONDON

London, June 19.—The Canadian boy scouts reached London yesterday. They will encamp at Richmond House, until June 8.

WASCANA LAKE CLAIMS A VICTIM

YOUTH HUNGARIAN GETS BEYOND DEPTH AND DROWNS BEFORE COMPANION GETS HELP

Beina, Sask., June 19.—Wascana lake claimed its first victim of the present season yesterday afternoon when Karl Harsheck, a Hungarian, aged 21 years, was drowned while swimming at the Broad street bridge. Harsheck was in swimming with a companion when the intense heat drove him to the water. He was on his companion going to his assistance could hold him and dragged him with him before the victim's companion with difficulty got free and made his way to the shore. Harsheck was recovered with gasping lungs in an hour later.

INTENSE HEAT BENEFITS CROPS

MERCURY HOVERED AROUND NINETY YESTERDAY AND FARMERS ALMOST SEE GRAIN GROW

Winnipeg, Man., Temperature of between 80 and 90 were recorded all over the province yesterday. The highest being 95 at Hamilton. It was a scorching night, the mercury reaching 95 at Hamilton. The following plentiful rains is bringing the crops at a wonderful rate and farmers are almost seeing grain grow. Heavy straw and wondering where the 10,000 harvesters will come from.

"EDSON" CHANGED TO "HEATHERWOOD"

BY POST OFFICE DEPARTMENT—EDSON PEOPLE REGISTER A PROTEST—G.T.P. HAS NOT AGREED

Owing to the fact that in the Pembina district, on the new line of the Canadian Northern railway to Athabasca Landing there is an old established settlement called Edson, which is likely to be confused with Edson on the G.T.P. in the forwarding and distribution of mail, the post office authorities have changed the name of Edson on the G.T.P. to Heatherwood. The residents of the town do not look with favor on the change and the railway company has not consented to it. Nevertheless the post office department has issued instructions that all mail going to residents of the place should be addressed to Heatherwood, as they see no other way of avoiding misdirection of the mail to Edson in the Pembina district. With a view of straightening out the difficulty in a manner satisfactory to the G.T.P. and the residents of the western divisional point, the citizens of the northern settlement were approached with a proposition to substitute Heatherwood for Edson. They objected strenuously. The settlement is an old established one and the residents have become accustomed to the name. Their prior rights in the matter were recognized by the post office department and the order was issued to change the name of Edson to Heatherwood. "There is bound to be some confusion of the mails for the two places with the name so nearly alike," said Post Office Inspector Cairns this morning, "but I have no doubt but that the difficulty will be adjusted in the near future."

ORIENT AND OCCIDENT CONFERENCE

Washington, June 19.—A notable two-day conference was opened in this city today by the Persian-American Educational Society, an organization which aims at closer relationship between the East and the West and which has been organized to scope so as to embrace a world-wide campaign of education and economic development and peace propaganda.

NEW JERSEY BAR MEETING

Atlantic City, N. J., June 19.—Many distinguished representatives of the bench and bar of this and neighboring states filled the hall of the Hotel Chelsea today when Judge Howell and Garrow of Camden called to order the annual meeting of the New Jersey Bar Association. The conference will continue over tomorrow and the programme promises one of the most notable gatherings of the profession in the east. Heading the list of speakers are Governor Woodrow Wilson and Chief Justice Pennington, of the Supreme Court of Delaware.

CITIZENS DEMAND AN INVESTIGATION OF POLICE DEPARTMENT

Petitioners Claim That Citizen was Assaulted by Police Officer—Commissioner Consider Petition Today

Investigation of the police department, and especially into the conduct of Officer McNaughton, is demanded of the mayor, council and commissioners by George Wyllie and Robert Davidson, who have filed a petition at the city hall.

The complaint arises from a grave breach of the peace alleged to have been committed recently by McNaughton while on duty, and the charges will probably be investigated very carefully by the municipal authorities. The commissioners may take the matter up this afternoon and the council tomorrow night.

The complaint of Messrs. Wyllie and Davidson follows:

"We, citizens, stonecutters of Edmonton, beg leave to present the following petition:

"That a certain citizen by the name of John Downie, a fellow member of our craft, with several other citizens were peacefully conversing at the corner of Athabasca avenue and First street, on Saturday, June 10. They were requested by three men dressed in civilian clothes to move on, whereupon the citizens mentioned asked their authority. Immediately they were assaulted and maltreated by one who afterwards proved to be a special policeman by the name of McNaughton.

"And we would further bring to your notice that this is not the first occasion the police has overstepped what we consider to be their duties, to wit the conviction of the chief for assault, adding citizen is unimpeachable, therefore McNaughton's character is a disgrace to the Journeymen Stonecutters' association of North America which for their fellow citizen's integrity of character we deem that our fellow workers has been unjustly dealt with, for he, having been most distastefully assaulted by a special officer, has been accused and summarily charged to appear before the court of justice for assault on the said officer.

"The character of the said special officer is of a dubious and questionable nature, and we call upon the mayor, council and commissioners to make a thorough investigation into the police department, and especially into the character of the said officer."

Strathcona Public Works Department Has Big Contract

SEVERAL MILES OF STREETS BEING BRUSHED AND GRADED—FREE EXPRESS DELIVERY IN CITY—FIFTH STREET BLOCK BRINGS RECORD PRICE.

Strathcona, June 19.—When the laborers in the public works department by aside their axes this fall there will extend as a monument to their season's endeavor many miles of open and well graded streets where for years have stood thickets of brush and timber.

For nearly two months a large force of men has been steadily at work under street superintendent H. Palmer, grubbing out right of ways throughout the west end and the southeastern part of the city. Already improvements in most of the subdivisions visited and not a few property owners along the cleared streets express the opinion that their lots are increased from 25 to 50 per cent in value in consequence of the clearing and grading.

Every street in Ward three has for many days been cleared of brush for the full width and considerable grading has been accomplished. From the Garneau addition the department employees crossed into Ward two and opened all the principal streets and avenues to a point on the Calgary trail, on Seventeenth avenue south, in the Parkdale and Martin additions. In that section of town the clearing was heavy but the ground was thoroughly done and when the grade follows the avenue will be in first class shape and well drained, in Richmond park during the past two weeks there has been considerable clearing done and this will be further extended when the force is through with the opening of Eleventh avenue north, upon which they began work Wednesday. The programme outlined by the public works department will require most of the season to complete as there has been but little done thus far at grading.

Although encountering much timber in the work superintendent Palmer states that the cost of grubbing will fall below the estimates given for the undertaking. So far the price for clearing has been \$1 per foot of brush cleared which cannot be considered exorbitant by any ratepayer.

Grubbing is Big Contract.

Although working steadily with two big digging machines and with a force of teams and men it will probably be well into July before the grading for

BEGAN PAVING THIS MORNING

BUTLITHIE COMPANY COMMENCED PAVING ON KINISTINO TODAY—HAS \$125,000 CONTRACT

The Butlithie company this morning started work on the big paving contract recently awarded by the city. The company, headed by Mr. J. H. Butlithie, is a large force of men the company resumed paving Kinistino avenue, north of Boyle street, and the work will be pushed with all possible vigor.

The paving began today is only a starter for the present season. The Butlithie company has a large business ahead until cold weather late in the fall. The contract calls for paving on a number of streets, including Kinistino, north of Boyle street, and the work will be pushed with all possible vigor.

CELEBRATE THEIR SILVER WEDDING

PRES. AND MRS. TAFT HOLD RECEPTION AT THE WHITE HOUSE—HUGE THROG PRESENT

Washington, D. C., June 19.—Seldom if ever in its history has the White House been the scene of such a large and merry gathering as assembled there today to help the President and Mrs. Taft celebrate their silver wedding anniversary. Open house was kept throughout the day. Foreign dignitaries, members of the judiciary, senators and representatives and other persons prominent in official life called to offer their congratulations.

IMPROVED MAIL SERVICE ON G.T.P.

TOWNS WEST OF THIS CITY WILL RECEIVE MAIL DAILY, AFTER JULY FIRST

After July 1st the most important lines along the G.T.P. will be improved. The mail service on the tri-weekly service will have a daily mail service instead of the tri-weekly service which has been in operation since the tri-weekly local service was put on the line to Edmonton. The new service has been authorized by the post office department at Ottawa. It will give a daily mail to Wabamun, Edwinton, Wainwright, and Edmonton or Heatherwood as the first divisional point of the G.T.P. west of Edmonton is called by the post office department.

STUDENTS' Y. M. C. OF THE CONFERENCE

Portland, Ore., June 19.—A student conference was held at the Hotel Columbia Beach today with a representation of thirty colleges of Oregon, Washington, Montana and Idaho. The conference was the largest gathering of its kind that has ever been held in this section of the country. The sessions will continue ten days.

LIGHTNING BOLT STRIKES HOUSE

DEMOLISHES SMOKE STACK ON KITCHEN OF HOUSE OWNED BY SUPERINTENDENT MCGAIG

The house of J. McGaig, superintendent of schools, at 543 Sixth street, narrowly escaped destruction at 10 p.m. Saturday during the first thunder storm, when a stroke of lightning demolished the smoke stack which stuck out of the roof of the back kitchen.

The family was assembled in the upper story, and it was not until the following morning that Mr. McGaig found out the cause of the destruction. When the crash came with a great boom of thunder coming in on the distance he thought it was the end of the house adjoining. He put on his shoes and went out the back way. The barn was standing as was also the house in the next lot, and he went back in the house feeling much relieved. Next morning when he got up his attention was attracted to the fact that the kitchen chimney was completely demolished. On minute examination the school superintendent found that the pipe sticks out of the roof and the roof with a crash that had threatened to break it in, but the roof had withstood the awful thud.

REV. HUGHSON DEALS WITH SUNDAY BAND CONCERTS

DECLARES THERE ARE MANY THINGS TO BE CONSIDERED BEFORE DECIDING WHETHER THIS FORM OF ENTERTAINMENT IS RIGHT OR WRONG.

In his remarks last night in the Methodist church on "The City and the Sabbath" referring to the Sunday band concert situation, Rev. J. E. Hughson did not pass any opinion as to whether from a moral or religious standpoint the concerts were right or wrong. He said that it would be necessary to conduct the concerts for several months and observe closely their influence on the life of the city before it would be possible to express an intelligent opinion upon them. In this he believed he expressed the attitude

TRANSFER PRISONERS TO NEW QUARTERS

NEW PROVINCIAL JAIL, NOW IN COURSE OF ERECTION AT LETHBRIDGE, WILL BE COMPLETED EARLY IN JULY.

During the first week in July, when the new provincial jail at Lethbridge is to be opened one hundred prisoners will be transferred from various R. N. W. M. P. quadrants throughout the province to the new house of correction. The asylum contains 100 cells, and it is intended to immediately relieve the mounted police detachments of responsibility for the prisoners who have been committed for confinement to the new house of correction in Lethbridge.

Heavy Rainfall Just What Was Needed to Ensure a Record Breaking Yield

—Hail Storm Did No Damage

Reports of crop conditions in Central Alberta continue promising. According to W. J. Poole who was recently appointed by the Central Alberta Development League to gather samples of grains and grasses throughout Central Alberta for exhibition purposes, conditions were never better. The rain of Saturday night supplied just what moisture was needed to keep all the crops in a flourishing condition. The storm was general in the district. From some places reports of slight hail have come in but it was not heavy enough to do any damage to the growing grain. From the stations along the Canadian Northern, east of the city very favorable reports have come in this week. They are dated June 15th, and this accounts for the fact that in one or two cases a need of rain is spoken of. This was amply supplied by the downpour of Saturday night.

The reports from Canadian Northern points in Alberta are as follows:

Fort Saskatchewan.—The weather during the past week has been ideal for growth. All grain is doing well and prospects are good.

Grande Prairie.—The weather has been fine and warm with occasional showers. All grain is looking fine. Every-thing points to a bumper crop in this district this year.

Islay.—Fine growing weather prevails and crops are making good headway.

Vegreville.—Wheat and oats are doing nicely with the exception of fall wheat, which is beginning to feel the drought. The weather during the past week has been warmer and dry and prospects are good.

Edmonton Portland Cement

CAPITAL STOCK \$1,500,000 Co., Limited

LIEUT. GOV. G. H. V. BULYEA

Chairman of the Board

Article Number Eighteen

The purpose of this article, which is the last of the series, relative to the organization methods and management of the Edmonton Portland Cement Co., Limited, is to explain briefly the system of management upon which this institution is established.

The first step was carefully considered and permanent plans made. Plans are as necessary to the successful development of a business proposition as architecture is to building. The plans of the Edmonton Portland Cement Company have been so fully discussed in these articles as to call for no more than summarizing here.

All the plans of management adopted by the Edmonton Portland Cement Company have been adjusted to two fundamental propositions:

1. The property owned by the Company.
2. The Portland Cement market in the Northwest.

It has been like a simple problem in Arithmetic put this way: At what cost can Portland Cement be manufactured from the materials owned by the Edmonton Portland Cement Company? At what price can it be sold in this market? What profit can the shareholders expect from the operation of this business? What should the shares be worth in one year or more? And by what method can this business proposition be successfully worked out?

The first three of these four questions have been fully answered and explained heretofore. The Edmonton Portland Cement Company can manufacture Portland Cement from the materials which it owns for 78 cents a barrel as determined by Messrs. R. D. Hassan and T. J. Klossoski. Portland Cement can be sold in this market indefinitely for at least \$3.05 per barrel; the price in this market being the Eastern mill price, plus the freight rate to this district. The shares of the Edmonton Portland Cement Company should be worth \$200 in one year, because the Company should pay a dividend of 40 per cent. on its shares and their book value will be at least \$200 per share.

The purpose of this article is to explain briefly the business methods by which these results, so satisfactory to the shareholders, can be obtained.

THE PLANT.

A first-class, modern and complete plant must be built, efficient in every plan and detail and permanently constructed. Such a plant will cost about \$630,000 and for its construction two of the best known and most successful cement plant constructors in America or Canada have been engaged, Mr. R. D. Hassan and Mr. T. J. Klossoski. These gentlemen have built seventeen great cement plants in Canada and the States during the past twenty years, among which are the following:

Sandusky Portland Cement Co., Baybridge, Ohio.
Bronson Portland Cement Co., Bronson, Michigan.
Michigan Portland Cement Co., Coldwater, Michigan.
Peninsula Portland Cement Co., Cement City, Michigan.
Iola Portland Cement Co., Iola, Kansas.
International Portland Cement Co., Hull, Quebec.
Exshaw Portland Cement Co., Exshaw, Alberta.

The plans for the battery of seven great buildings have been practically decided upon and drawings of the plant will be published in the Edmonton daily papers within a few days.

These buildings will be constructed and the machinery installed under the direction and supervision of Messrs. Hassan and Klossoski. All the contracts for construction and machinery will be let on competitive tenders under the supervision of the Board of Directors. Work on the plant will commence at once and it is the intention to have the plant completed and running in one year.

THE BOARD OF DIRECTORS.

In making up the Board of Directors the very best men in this community have been chosen—men who can be trusted by the shareholders of this institution to administer its affairs with the strictest integrity and highest efficiency. Lieutenant Governor Bulyea, Chairman of the Board of Directors and his associates, need no recommendation to the people of this community. The Board, which now numbers nine, will shortly be increased to fifteen from among the most successful business men of Edmonton.

The Board of Directors meets each Friday afternoon at four o'clock, and every step of the Company's business is most carefully considered, decided upon by the Board, and the decision entered upon the minutes of the Company before any action is taken.

FINANCIAL MATTERS.

Two propositions have governed the company in its financial operations.

1. To obtain all the funds of the Company by the sale of stock.
2. To keep absolutely out of debt.

There will be no bond issue to impair the interests of the shareholders and there will be no indebtedness to embarrass and jeopardize the future of the Company.

Funds for the Company's operations will be provided long in advance and always before any contracts are undertaken. For example, in the construction of the plant and payments for machinery money will be expended by months about as follows:

July	\$ 20,000
August	30,000
September	32,000
October	35,000
November	67,000
December	70,000
January	78,000
February	82,000
March	87,000
April	52,000
May	33,000
June	17,000
August	11,000
September	11,000
	\$630,000

With this schedule always before it, the Board can easily arrange for its finances long in advance and conduct its business in the careful and dignified way that characterizes all great business institutions.

As has been explained, the disbursements of the Company are all made on the authority of the Board of Directors and upon duly approved vouchers signed by three directors. Cheques against the Company's bank account are made only to the bank and in payment of approved vouchers, and these cheques require the signature of two directors. So that every disbursement of the Company requires an action of the Board of Directors and the signatures of five of its members. The funds of the shareholders could hardly be more perfectly safeguarded.

ONLY FIRST CLASS MEN EMPLOYED.

The Managing Directors and General Superintendent will be the most capable men that can be obtained, and throughout the operative organization of the Company only the very best men obtainable will be considered. The Managing Director will be a man of such business skill and executive ability that he could successfully manage any industrial institution, and the General Superintendent will be the best cement maker that can be obtained in Canada or the States.

ADVANCE IN THE PRICE OF SHARES.

The Edmonton Portland Cement Company is not a speculative proposition. It is a clean-cut business institution based on facts which no business man can dispute or disprove. For the reason that the Company should pay a dividend of 40 per cent. on its shares, and for the reason that its stock will have a book value of at least two for one, the shares should begin to rise steadily in price from par to \$200 a share in a year or less.

The advance in the price of these shares will not be spasmodic or irregular, but steadily keep pace with the development of the institution. The advance in the share should be about as follows:

July 15th	\$110 per share
Sept. 1st	125 "
Nov. 1st	140 "
Jan. 1st	160 "
June 1st	200 "

The foregoing is but an outline of the methods which the Company have adopted, and which are the most thorough known to the great business institutions of this country of America. The one purpose throughout them all is to safeguard the interests of the shareholders.

Article No. 19, which will appear tomorrow in all the daily papers of Edmonton, will explain how and why the shares of this Company are sure to advance.

Those desiring shares can obtain all the necessary information at the Company's Offices, 400 1-2 Moser-Ryder Building, Phone 2171.

ALLEN HAYNES
GEORGE E. SNYDER
Fiscal Agents

For Skin Diseases

A Treatment that Costs Nothing Unless It Provides Satisfactory Relief

We have a greasy white ointment with a pleasant odor, a clean taste, which we believe is the best known remedy for the relief of skin diseases. It is especially efficacious for overcoming eczema in all its various forms, ringworm, acne, pimples, blotches, insect bites, tetter, certain forms of ulcers, sores and wounds. It is strongly antiseptic, cleansing, soothing and healing. It stops all itching and burning caused by skin eruptions.

We are so positive this ointment is unequalled that we offer it with the distinct understanding that if after having given it a reasonable trial, you are not satisfied with the results, you have only got to tell us and we will, without quibbling, return every cent paid us for it. We exact no promises or obligations whatever.

We want you to try **Reckall Eczema Ointment**. The first application gives a refreshing sense of relief, and because of its germ destroying power, it eradicates the germ or parasite which causes eczema and many other eruptions. It quickly allays the inflammation, gives protection to the inflamed surfaces, and helps restore healthy tissue. It is particularly active in relieving skin ailments peculiar to children. You certainly cannot lose anything by trying it. We would not dare make this offer except we are positive **Reckall Eczema Ointment** will satisfactorily benefit you. Two sizes, 50c and \$1.00. Remember, you can only obtain it at our store—The Reckall Store, A. Archibald.

BASEBALL NOTES

Out of four hundred youngsters roped in by the major leagues last fall only seventy remain in the fast set. The Cincinnati Reds show a sample of winning goods now and then, but the sample seems to be all that they have got.

Catcher Arthur Wilson is doing the work behind the log for the Giants, and is also hitting when bingles are needed.

If the Cubs and Pirates can't hold their own on the home grounds, the chances are, that the two teams will never see daylight in the National League race.

The Detroit Club will try out Harold King, a brother of the mighty John, of the Cubs. Young King is a member of the Syracuse University team. Brooklyn has lost nine straight games to the Giants, but the Superbas

MISS DRENA MACK

The versatile prima donna who figures largely at the Lyceum theatre. Miss Mack has a charming personality and a splendid soprano voice.

are now in better trim and should cut a few capers when they next meet McGowan's men.

Outside of winning a dozen games and losing none Pitcher George McGowan hasn't done much for Rochester. Wonder if the New York Highlanders could use "Lanky George" right now.

One team represents Ashland and Callettsburg, Ky., in the Mountain State League and in the league standing the outfit is called Ash-Gats. If the team should fall in the cellar they would probably be dubbed "Ash-cana."

Larry Lajoie has batted .300 for 13 seasons. Count Louis Castro is now the agent at Atlanta, Ga., for a St. Louis breeding company.

Hutchinson, in the Kansas State League, has a player named Laffin-hose, but he does not seem to be selling the league affluence.

The St. Louis Browns were the abs team to beat the Tigers, so that American League club has taken its little whack at Jennings.

Now they complain that the franchise with the balls is that they vary in composition. Perhaps the pitchers and

the batters are not all alike.

President Edward Barrow of the Eastern League swung the big stick with a vengeance when he handed out 250 fines to a half-dozen or more players for unwise bailing.

Pitcher Ed Walsh of the Chicago White Sox plans to finish his baseball career by playing first base. He is a slouch at the job and his hitting should insure him attention.

Last year we read about two and three hits with glue and said, "Some pitching hat!" This season with the hits running to two figures we say, "Some hitting, what?" How we love the old game.

A number of Western League districts have been gathered together in an independent team at Laramie, Wyo., other teams and a new league will soon be spring up.

In a recent game between Toronto and Buffalo, in the Eastern League, 17 bases on balls were given by the four pitchers used. President Russell of the Boston Nationals would say that was due to the cork center ball, of course.

Bill Lindsay, the Cleveland infielder, will reenter Glasgow University next fall. Lindsay is a law student. He graduated from Guilford College in North Carolina and Haverford College, and took a post-graduate course at Harvard. He is certainly bound to have an education.

The Men's Christian Union of Nashville has not accepted defeat as a result of the failure of its efforts to prevent Sunday baseball. The Christians propose now to wage a crusade against all forms of Sunday amusements, as they term it. The players and officials arrested were bound over to the grand jury.

Talking about his early baseball days, when he was a pitcher, Fred Hunter asserted that he once struck out 25 men in a game. "That's nothing," I struck out 25," put in Howard Gammit, and Hunter was about to question the claim, when "Gummy" added: "It was against a team from the blind asylum. President Johnson has inaugurated another new rule this year for all

THINGS ARE MOVING IN

Cromdale

On Monday, the 26th day of this month, the price of all lots in Cromdale will be advanced \$5.00.

Cromdale is an ideal site for a home, adjoining as it does the City Park, where the city is spending so much money on improvements. Cromdale is but twenty minutes walk from the centre of the city, and has two lines of street cars running through it. All lots are high and dry.

Cromdale is the best buy in the city.

Price of lots until next Monday \$275 to \$450.

Terms 1-3 cash, balance 6 and 12 months.

American League parks. The umpires are not required to announce the hit-ten or to give the names of emergency hitters in the game. All club owners have been notified, to provide megaphone men for that purpose, as the umpire's voice is strained too much.

William Smith O'Brien, ex-ball player, died at his home in Kansas City recently, of heart disease. He was 24 years old. Until he entered the police department 18 years ago he was a professional baseball player, and at one time or another played in almost every league. He was known as "Home Run Billy." O'Brien, the hard-hitting first

baseman. He started baseball in the east 20 years ago. Police are investigating the fire which destroyed his 1-1-1 league ball park at Springfield, Ill. The police suspect that the fire was committed by some traitor, accused by the transfer of the Springfield team to Des Moines. Kansas because they resented his decision, a mob of about 800 angry fans at Moberly, Mo., attempted to throw Umpire George of St. Louis, in a pond. He was rescued by a deputy sheriff and taken to a hotel, which was guarded by the entire police force of Moberly until a St. Louis train left.

ESKIMOS AND MAROONS BREAK EVEN IN THE BIG DOUBLE HEADER SATURDAY

Afternoon Game Was a Sensational Batfestin Which Winnipeg Got Seventeen Hits and Edmonton Twelve—Winnipeg Won By Score of 12-10—Evening Game Was Good Ball—Score Was 7 to 6

It was only after a strenuous fight in which Winnipeg struck a batting streak in the sixth inning, putting the pill to all corners of the field, that the Eskimos were compelled to let the Maroons have one end of the double header on Saturday. Even after last sensational sixth inning batting rally, the Eskimos almost pulled the game out of the first when by the assistance of a couple of hits and a couple of errors they splashed the score sheet with three runs, tying the score with ten runs each. The Maroons came back in the ninth, however, with two marks and the Eskimos' out, were unable to make the grade again. That was what happened in the first game.

The second game was won by the Eskimos in the second inning when they hit the pill frequently, making three runs on two two-baggers, a three-bagger and a single. The Maroons seemed to find a way streak in the seventh, making four runs, but at that it left them one short of a tie and old Cy Pieh tightened up suddenly and they didn't find the sphere again during the game.

Cy Pieh was really the hero of the evening. He pitched a fairly good score although he grew wild in one inning and forced to run over the plate. It was at the bat that he made the sensation. In the second inning he slugged the pill out for three hits and with two on the sawdust and the next time up he made a nice single. Cy very much surprised his friends.

The first game was a batfest, Winnipeg getting seventeen of the swats and Edmonton twelve. Deacon was again compelled to use three pitchers and that didn't stop the slaughter. The Maroons had their batting eyes when they and would have hit anything, Jackson who started operations last of one innings. Whisman displaced him and for four innings held them almost harmless. In the sixth they hit (sighed) on him for six swats and in the eighth he was removed from the foreground and Pieh took his place. Cy was swatted for three swats in one inning.

A two bager and a three bager in quick succession in the first started Winnipeg on the score board. Taylor's death allowed White on the cards and a two bager hit him into the rubber. In the fifth Siefert slugged and Kirkham took a base on his funeral. Taylor was hit by pitcher and White drove one through third.

The bases were full. Isbell singled and Kirkham and Taylor scored. The sixth was a slaughter. Edmonton hit, Siefert hit, Kirkham hit, Krueger was hit, Taylor hit, White hit. Isbell hit for two. Four runs. Gloeckner got a two bager in the seventh and Kirkham followed him with a home run. Two runs.

To win the Maroons had to make some in the ninth. Pieh was pitched a dust raiser to second and it escaped both infield and outfield. Edmonton scored. Siefert safetied and Gloeckner scored.

Edmonton got their runs in the first.

Cricket Club Won From Cristie Team

The match played last Saturday against Mr. Christie's XI, resulted in a win for Edmonton by 13 runs, the score being—Edmonton 61, Christie's XI, 21. The feature of the afternoon's play was the bowling of Duncan, who secured seven wickets for 11 runs, while Bell and Goldberger secured seven wickets for 14 runs, while Bell and Goldberger secured double figures in batting for Edmonton. Next Saturday the club go to Red Deer to play the locals there, and the committee especially ask all cricketers to put in an appearance at practice this evening and Wednesday.

COMMISSIONERS SAY CITY PARK ATHLETIC FIELD WILL BE PUT IN CONDITION QUICKLY

Mayor and Commissioners Pay Visit to Park Saturday Morning and Consider What Improvements to Make—Will Erect Dressing Rooms and Shelter—When?

The mayor and commissioners, accompanied by Mr. Ward, Y. M. C. A. secretary, A. G. Harrison, of the Exhibition Association, and several others, paid a visit to the city park Saturday afternoon to take a look at the athletic field there and to see what improvements can be made. Interviewed when he returned Commissioner Hamilton stated that he thought several athletic fields should be put in place, that dressing rooms and shelters should be erected and that the athletes of the city should be given every chance to train. He intimated that the city was willing to see to some expense to make the park suitable for the holding of athletic events. The mayor was of the same opinion. The land was naturally adapted for an athletic field and it would not require much work to put it in shape. He was unable to say just what work would be done or when it would be done. The mayor stated also that care would be taken not to fall into the mistake that has occurred when the city has attempted to make an athletic field before—of putting men to work on it who know absolutely nothing about the requirements of the different athletic sports. Unless the workmen are instructed from time to time as to how to prepare the ground they usually make it worse than it was in its natural condition. The summer is well under way and anything this is to be done should be done before the start of the season. It will be over by the end of the month but the different leagues will not complete their schedules until much later. If work is started on the grounds immediately they should be ready by the end of the month, and all the games should be played there to the remainder of the season.

Unless a sufficiently large piece of land is prepared for all kinds of games some kind of regulation should be made as to when the different athletes shall be allowed on. Bad as the grounds are at the present time some games play there because there is no other place they can go. Last Saturday two basketball teams were having a game when the polo team came out for a practice and chased the ball players off. For a time it was a rather hot dispute as to who should have the use of the grounds, but the mounted men appeared so formidable that the ball players retired. The polo people had been given the grounds for every Saturday. Regulations should be made making such a clash impossible. Of course courtesy should have prevented the one that did occur, but inasmuch as some sportsmen do not seem to possess that courtesy, regulations should be made compelling them to occupy the grounds only during certain hours.

NEWS OF THE CITY

A woman named Mrs. McLane, of Calgary, has been missing for several days.

Mrs. E. Ferris, Twenty-third street, will not receive today, nor again this season.

The Welsh people of Edmonton have decided to take part in the coronation day parade on Thursday.

George H. Wilson, of Ottawa, is a visitor in Edmonton for a few days. He is a guest at the Alberta.

A meeting of the Conservative association will be held in the Craig-Nair block tomorrow at 8.30.

Ida Margaret, the 29 months old child of Mr. and Mrs. J. O'Neill Hayes, died yesterday afternoon.

A special meeting of the Women's Hospital aid will be held this evening at 8 o'clock in All Saints school room.

District court opened this morning on small debt cases, his honor Judge Taylor on the bench. Criminal cases will be tried tomorrow.

Wild strawberries are ripe, which shows the earliness of the present season as these berries do not usually ripen before the first of July.

Harry Taylor, of Edmonton, is one of the successful candidates who took the examination for the outside division of the civil service in May.

The postal authorities of Edmonton are reported to be considering a daily mail service from this city to points west on the Grand Trunk Pacific.

After an agitation extending over three years the Strathcona board of trade has been advised that in future express parcels will be delivered free inside the city limits.

The Women's Missionary society, of Methodist church, will hold their regular monthly meeting tomorrow afternoon at 3 o'clock instead of on the first Tuesday in the month.

Term examinations in the Edmonton public schools will commence tomorrow. The examinations were to have taken place last week, but were postponed on account of the scarlet fever epidemic.

The report of the immigration hall for the past week shows 51 immigrants received during the week, one hundred and two persons left and at the end of the week there were 56 stopping at the hall.

The appeal of Mrs. Girvin, who was convicted of incendiarism at Lacombe, was lost before the full court sitting in Calgary on Saturday. It is probable the case will be taken to the supreme court of Canada.

Patients at the different city hospitals were treated with music by the Salvation Army band yesterday afternoon which was greatly appreciated. Local people furnished aulis to take the band to the hospitals.

An English mariner named John A. Deike came to the immigration hall yesterday. He was looking for work on terra firma and he went out to Whabanna to find it. He wanted a change from seafaring, he said.

Any fears that the more timid ones may have entertained of a smallpox epidemic were dissipated Saturday night when six men held in a shack on Fraser avenue because they had been exposed to the disease were released from quarantine.

It is estimated that between 1,000 and 5,000 people attended the band concert at the city park yesterday afternoon. Excellent music by the Citizens' band and the weather combined to give the crowds a very pleasant time.

Rev. Thomas Powell, who will succeed Rev. Mr. Pearson as pastor of the Grace Methodist church, will be given a reception by the congregation Wednesday evening. Rev. Pearson will leave during the week for his new charge at Red Deer.

A meeting of all the Irishmen in the city will be held tomorrow evening in the basement of the Craig-Nair block to complete arrangements for their part in the coronation day parade on Thursday next. The meeting will open promptly at 8 o'clock and a large attendance is desired.

Street cars Nos. 1 and 6 collided on Kinaird street yesterday afternoon, giving the passengers a severe jolt, but doing no special damage. The cars were bound for the city park and were loaded with passengers. The brakes on No. 6 failed to work and the car slid into the rear of No. 1.

Alexander Ingeper, formerly mayor of Baltimore, Md., is spending a few days in Edmonton. He is accompanied by his wife, son and daughter. Mr. Ingeper, who is a millionaire cotton manufacturer, expects to invest in farm lands in western Canada and locate a number of Maryland farmers in the west.

After spending a year in attendance at college in St. Paul, Minn., Jacob Mohr returned to Edmonton last night to spend the holidays at his home here. His father is J. J. Mohr, one of the assistants at the immigration hall.

A Sound Investment

\$375 PER LOT, ON 28TH STREET

FOR ONE WEEK ONLY, we are offering a block of beautiful lots (45x140), located on the west side of 28th Street, at the above price. Anyone acquainted with realty values in this city knows the value of this property provided it is really good ground. Let us show you the property, and we are confident you will be satisfied. To those who do not know values, we might suggest that there are no good lots on 27th Street, south of Alberta Avenue, for sale less than \$500 per lot.

Jasper Ave. E. Look for the Sign

He was accompanied to Edmonton by his wife, Mrs. Henry Mohr, who is also attending college in St. Paul.

Twenty persons registered at the immigration hall yesterday. Nine of these were Scotchmen, and among the Scotchmen there were two farmers, three laborers, two miners, a butcher and a carter. Among others who came to the hall there was an English painter and decorator, a German farmer, a teacher from Great Falls, Montana, an English roller miller and an American carpenter.

The Edmonton Presbytery goes into camp at Toilett on the first of July and will remain in camp for three days. The regiment will leave Edmonton by special train on the evening of the thirtieth and will return by a special on the evening of July 3. During their stay in Toilett the regiment will take part in the celebration which is being held in that town on the 3rd of July.

This afternoon at 5.30 o'clock the first T.P.P. train to Mirror over the Toilett branch will leave the C.N.R. depot at First Street. This will be a daily train leaving Edmonton every afternoon at 5.30 and reaching Mirror at 10.30 p.m. The train will return to Edmonton on the following morning, leaving Mirror at 2.30 a.m. and reaching Edmonton at 12.30 noon.

Lockett Smith, the man who lost one foot as the result of being run over by a Strathcona car, is still in the hospital but is mending rapidly.

Due to the crew which run down Smith has as yet been found and investigation will not be held until he is out of the hospital. It is stated that the street railway department has offered Lockett Smith a position for life in mitigation of the injury which he received.

The workmen and women of Edmonton are practically unanimous in favor of Sunday hand control in the city park. They say so themselves and no better proof is needed of their attitude. Sentiment on the subject has been rapidly crystallizing until it will be fairly rapidly at tonight's meeting of the Edmonton Trades and Labor council, finding expression, it is expected, in some manner that can leave no doubt as to where the rank and file of organized labor locally stands.

Dr. T. H. Whitlaw, medical officer of the Exhibition office, Second street at 8 o'clock tomorrow evening to make final arrangements for the part the old timers will take in the coronation celebration.

Mrs. Paxton is leaving Edmonton tomorrow by C. P. R. for Drumbo, Ont., accompanied by her mother.

John McDonald and daughter leave tonight for Liverpool, England. They will sail from New York on June 28th on the Olympic and Strathcona is called for at 8 o'clock tonight in the basement of the Imperial Bank building to complete the final arrangements for coronation procession. This is not a society meeting. The committee is anxious to have every Welshman or descendant to turn out in this procession.

WELSHMEN MEET TONIGHT.

A very special meeting of all Welshmen in Edmonton and Strathcona is called for at 8 o'clock tonight in the basement of the Imperial Bank building to complete the final arrangements for coronation procession. This is not a society meeting. The committee is anxious to have every Welshman or descendant to turn out in this procession.

STREET TRAFFIC BYLAWS.

Mayor Armstrong this morning received copies of bylaws from Calgary, Vancouver and Toronto regarding street traffic. He expects similar information from London, Winnipeg and Ottawa. The mayor sent for the bylaws with a view of securing all the data available in preparing a bylaw to govern street traffic in Edmonton.

JAMES KIRKNESS DEAD

James Kirkness, one of Edmonton's oldest and truest citizens, died yesterday at his home in the city, in the seventy-third year of his age. Mr. Kirkness was born in the Orkney islands in June of 1837. He came to Edmonton in 1864 and entered the service of the Hudson's Bay company being identified with them here for a number of years.

OLD TIMERS MEET

There will be a meeting of the Edmonton Old Timers association in the Exhibition office, Second street at 8 o'clock tomorrow evening to make final arrangements for the part the old timers will take in the coronation celebration.

TRIAL OF VAN PUHL'S SLAYER

Denver, Col., June 19.—The case of Frank H. Henwood, who on May 21 shot down three men in the bar-room of the Brown Palace Hotel, was called for trial today. Henwood's victims were Sylvester (Tony) von Puhl, who had a national reputation as an aviator; G. E. Copeland, a mining man of Victor, Colo., and J. W. Alkinson, a wealthy contractor of Colorado Springs. Von Puhl and Copeland died of their wounds, while Alkinson is on the road to recovery.

Henwood is to be tried first on a charge of murdering von Puhl, who was the object of his attack. Copeland and Alkinson were bystanders and had no part in the quarrel. The trouble between von Puhl and Henwood is said to have originated over rivalry for a woman's favor. The woman in the case is said to be the wife of a prominent Denver banker. Since the tragedy the husband has applied for a divorce.

BUILDING PERMITS

The following permits were issued Saturday and this morning from the office of the city building inspector: Forbes Taylor, workshop, Jasper avenue, \$700; S. Caplan, addition, Jasper avenue, \$200; J. Kenned, house, Eighth street, \$700; R. M. Bain, shack, Woodward street, \$100; A. Chalwick, carriage, Fourteenth street, \$200; Jos. Beauchamp, addition, Boyle street, \$275.

Orland, Cal., June 19.—Orland is holding a two days' carnival and jubilee to celebrate the opening of the United States government's reclamation reservoir installed here to irrigate 14,000 acres in the Orland unit district in Glenn county. The festivities were ushered in this morning with the crowning of the carnival queen, followed by a street parade and a programme of speeches. Other parades, sporting contests and carnival attractions will carry the celebration over tomorrow. Many visitors are here from the surrounding country.

Oakland, Cal., June 19.—Oakland churches of many denominations have joined in the arrangements for entertaining the scores of visitors who will be here during the next three days for the Pacific Coast convention of the Baptist Union People's societies and British Columbia will be represented at the convention. The sessions will begin tomorrow and continue until Tuesday. Among the notable speakers will be Rev. J. R. Sanger of the Southern Baptist Theological Seminary, W. N. Hartshorn of the International Sunday School association, Dr. Brougher of Los Angeles and Prof. Ira M. Price of the University of Chicago.
